

# Infusion Timeclock

If your business has a workshop or manufacturing component, Infusion Timeclock can provide you with a centralised time-logging terminal.

Timeclock allows multiple staff to quickly log in and out of jobs, with time processed directly to your Infusion Software package for reporting or billing.

- ⌚ Flexible views and filters that can be configured to suit your business.
- ⌚ Centralised data that can't be dropped, smudged or blown away.
- ⌚ Allows work on multiple jobs at once by using the Pause function.
- ⌚ Simple operation designed with a busy work environment in mind.
